

Friends of the Indiana County Conservation District would like to invite you to attend

Green Drinks Indiana!

Wednesday, February 23rd

5:30-7:00 PM

Network with other conservation minded people, then sit back and relax! This month's suggested donation benefits construction of the Canopy Walk at the Indiana County Conservation District.

What is Green Drinks Indiana?

It's a recurring networking and happy hour on the 4th Wednesday of every month at 5:30 pm. Each month, the event will be held at a different location and benefit a different, local environmentally friendly or "green" project or organization. The vibe will be informal, fun, and the aim is for you to meet like minded locals while supporting a great cause! No RSVP needed – Just come!

Does it cost anything to attend?

No, but we suggest a donation of \$5-\$20 with all proceeds benefiting our featured organization for the night. We'll provide light refreshments, but we encourage you to explore the local brewer's menu.

Can't make this one?

Stay tuned for details on next month's event! Follow the Indiana County Conservation District on Facebook for more info on this and other happenings!
